

Homeowner Appointment Setter

Company: MacroREI

Location: Remote (United States)

Job type: Part-time · Commission-only

Schedule: ~20 hours per week, phone-first

Posted: September 12, 2026

JOB SUMMARY

This is not a sales pitch job. You call homeowners with distressed properties from proven lists curated by a real estate investor who has done over 100 deals. Ask if they want to sell. Set the appointment.

RESPONSIBILITIES

- Work a curated list — not random dialing. Distressed owners, already researched.
- You are not selling a product. You are asking if they want to sell their house and booking a call with the investor.
- Closes on this desk are appointments that turn into deals. Commission is 25% of each deal, same as the other seats.

COMPENSATION

- 25% commission, flat, on every closed deal.
- At 20 hours per week, expected earnings are \$10,000 per month.
- 100% remote — work from anywhere in the United States.
- Commission-only. No base salary. Results vary with closes.

Commission math: Typical investor deal: \$25,000–\$40,000. At 25% commission, one \$40,000 deal = \$10,000. Target 1–2 closed deals per month.

HOW TO APPLY

Apply online at <https://aibhive.com/jobs/macrorei>

Upload your resume, tell us about yourself, and pick the best time for a phone call.
